

Roll Off Dumpster Rental Policies and Disclosures

Size:	10-Yard	15-Yard	20-Yard	30-Yard	40-Yard
Allowed Tonnage:	2 Ton	4 Ton	5 Ton	7 Ton	9 Ton
Base Price:	\$300	\$350	\$400	\$500	\$600
Daily Rental (after 7 days):	\$10	\$10	\$12	\$15	\$20

Each container includes a seven day rental with the above tonnage in the base price.

An additional \$60 per ton will be incurred for any additional weight beyond the above listed weights. Normal service area delivery is included, outside areas are additional charges. Customer is responsible to call in for removal of the container within the seven day rental period.

If rental period exceeds the standard seven days, additional daily rental charges will apply.

CUSTOMER MUST CALL IN REMOVAL, SWAP, OR DUMP AND RETURN WITHIN 7 DAYS OR ADDITIONAL DAILY RENTAL FEES WILL APPLY

CATEGORIES:

C&D (Construction & Demolition Debris): lumber, drywall, shingles, demolition debris, remodel material, etc.

These loads MAY NOT contain household waste or yard waste

MSW (Municipal Solid Waste): household garbage, tenant cleanout, etc.

Yard Waste: leaves, sticks, sod, limbs, brush, plant material.

These loads MAY NOT have any trash or other debris

Concrete OR Asphalt (CANNOT BE MIXED): only can contain concrete or asphalt to be recycled into stone or grindings.

Load may contain either all concrete, or all asphalt, NOT MIXED

Scrap Metal Box: aluminum, steel, copper, etc.

Categories of materials MAY NOT BE MIXED.

When ordering, specify which type of box you need to ensure proper delivery and removal.

CONTRACTORS AND COMMERCIAL ROLL OFF ORDERS*: CONTACT OUR OFFICE FOR MORE DETAILS

(*additional charges may apply)

Choosing a Location:

- Avoid areas near pedestrian walkways or automobile traffic
- Leave the required space of at least 100 feet in length for dumpster drop-off
- Select a level surface, free of debris and obstructions like low hanging wires or branches
- Klumm Bros. is NOT responsible for any damage to areas where the container is placed or once past the curb (driveway damage, etc.)
- Certain municipalities restrict areas where the container may be placed (i.e. in the street); additional permits may be required, contact your local city government for more details

Preparing for Removal, Dump & Return, or Swap:

- Ensure items in your dumpster are evenly distributed and not sticking out of the top
- Do not exceed the maximum tonnage allowed for each size of container, listed above.
- Move parked vehicles or other obstacles that may prevent access to your dumpster.
- Make sure gates are unlocked or provide our driver with a key or code to gain access to the service area.

General Guideline of items NOT allowed per Landfill Restrictions:

Aerosol cans, any liquids, animals, antifreeze, asbestos, barrels, batteries, chemical products, contaminated oils (mixed with solvents, gasoline, etc.), dirt, fluorescent tubes, hazardous waste, herbicides and pesticides, industrial waste, lubricating/hydraulic oil, mattresses, medical waste, motor oil, oil filters, other flammable liquids, paint (except dried latex paint cans, no liquids), petroleum-contaminated soil/lead paint chips, propane tanks, radioactive material, railroad ties, solvents, tires, transmission oil, etc.

Yard waste may not be mixed with other material as it requires special disposal at separate facilities
